

Choose the most amazing MySpace Layouts

Want your MySpace profile to be different from everybody else? Then try the cool new MySpace Layouts, MySpace backgrounds or MySpace codes from Doobix. It was created by MySpace users who were tired of looking everywhere for unconventional tools in order to customize their profile pages. Today, it is the most premier place to find unusual and charming tools for creating a jazzy and highly innovative MySpace profile page. When you are choosing MySpace Layouts, you will be baffled by the choices offered. There is something for everyone! Are you looking for your favorite actress or actors? Then browse through the male celebrities or female celebrities section. It has Layouts with pictures of such hot stars as Jessica Alba, Heidi Klum and Pamela Anderson. For the female population, there are MySpace Layouts with photos of "Captain Jack Sparrow" Johnny Depp or his co-star Orlando Bloom. You can even have your favorite movie as your layout; there is Sin City 2, Harry Potter and the Order of the Phoenix, Ghost Rider. Even hit TV serials are there as MySpace Layouts like Heroes, Ugly Betty, etc. Perhaps you want your MySpace Layouts to reflect your character, hobby or personality. Doobix also has layouts under such categories as butterflies, Cars vehicles, flowers, fashion, patriotic, food candy, etc. Are you in love? Then change your layout in MySpace profile to match it. You will get 14 different layouts under love category from Doobix. You deck up your house for the festive season then why not your MySpace profile? Choose from Christmas, Easter or Halloween themed layouts that run into hundred of choices. Then there are clean simple or abstract random categories for those who do not want to be a part of anything. For the young at hearts (and of age), there are MySpace Layouts from categories like cartoons and anime. Again, there are MySpace Layouts under categories like girly, quotes (a new addition), shoes, sports, and religious; basically anything you can think of. If you do not want any kind of pictures, then you can always choose MySpace Layouts like checkered boxes, stars, stripes, swirls. There are even most quirky categories like hearts, Emo Goth, tiny mini, etc. In total there are 3, 452 MySpace Layouts to choose from. Now the question comes how you do place this MySpace Layouts from Doobix to your MySpace profile. There are two ways; open Doobix homepage from there choose the MySpace option from the left hand screen menu. It will show you the list of things you can do for your MySpace page. Choose the MySpace Layouts option and you will get all the subcategories to choose from. Click the category of your choice and you will see all the MySpace Layouts under that category. Clicking on any one of them will take you to the instructions page. If you want it to be automatically added to your MySpace profile page, then write your MySpace email address along with your password. The information you post will never be shared with anyone. You can also copy the MySpace layout code and paste it under "about me" section of your MySpace profile editor section. A brand new MySpace Profile page will be there for your friends to see!
