Personalized Gifts For New Couple For a couple, their wedding day is the most important day of their life. Showering them with personalized gifts on their wedding day and adding favors in a wedding party is a nice way to make them happy and cherished. For a couple, nothing helps them memorize their most awaited day than being showered with personalized wedding gifts. These gifts help to bring back all the emotions of their celebration and ceremony on which precious items, their names, wedding date and other initials are written. There are a large variety of personalized gifts available in the market, but some stores add a little extra charge for such service. It is probable that a personalized gift may require additional time in their processing, which can cause a bit of delay in its delivery. So it is important to order a personalized wedding gift well in advance. The unique personalized wedding gifts and party favors can be categorized in various classes, such as:

- Monogrammed gifts: These gifts are both romantic and practical. From stationary to glassware to towels, monogrammed personalized wedding gifts are truly cherished.
- Personalized Photo options: Newlyweds are left with bundles of photos including their wedding day followed by their honeymoon. Engraved silver frames and Beaded Matte Silver Picture Frames along with unique photo albums provide couples with splendid display and storage options. Such varieties of wedding gifts are usually personalized with the wedding date of the couple.
- Autographed gifts: Another way to make their special day truly memorable is by documenting the gifts given by their family and friends with their autographs. To make the personalized gifts more precious for the couple, wedding guests can add value to these precious gifts such as silver plated Oval Compact Mirror with Crystals, piggy banks like a personalized Pewter Train Bank or Pewter Finish Luxury Car Bank and large Matte Finish Photo Frames with their signature on it.
- Home Décor Items: There are a number of home decor items that can be personalized in various beautiful ways. Engraved Photo Coasters or Monogrammed Lenin Table Cover can nicely display wedding memories whilst protecting expensive furniture. Personalized Mio Stone Planters can add warmth and color to the home of the married couple. Few seasonal gifts like personalized ornaments or tree skirts add a lot of value to the holiday decoration of the newly wedded couple. Monogrammed Linen Pillow allows the new couple to entertain with delight.
- Spiritual Items: For the religious couples, gifts that hold more importance like a personalized Bible must be given much in advance of the wedding day. The bible can also be used at the time of the wedding ceremony as it forms a vital part of the proceedings in church. A carved Wall Cross is other option that can be displayed on the walls of couple's home.
- Personalized Future Toast: Wedding guests also have the option of gifting a valuable personalized gift to newly wed couples such as wine or champagne bottles having personalized labels.
