

## Car Loans Interest Rates

The most important detail for **car loans** is the **interest rates** that are being offered in the market. Today there are numerous banks and financial lenders to choose from. Buying a car is an exciting time in any person's life, more so if this is your first **motor vehicle**. So you may think that knowing which car you want and applying for a loan is all there is to it. But hold on for just a minute, even the **best car loans** are a financial commitment that is expected to last a long time, until the **loan** is paid off. Usually the finance will have a term period of three to five years but can be between six months and seven years. It is vital that you think through all the details regarding the **car loans interest rates** before you make up your mind institutions that offer car financing and are willing to provide customers competitive rates. A difference of even .25% in the interest rates can make a large difference to the amount you will be paying for your car. Thus it is a good idea to consider a few **car finance interest rates** before you decide on the bank or financial institution that you wish to borrow from. you may want to use a good **car finance broker** to assist. It is a good idea to use a **car finance calculator**, available on websites of most banks and financial institutions. These will help you calculate how much loan you can take and how much the rate of interest will cost you. By making a substantial down payment you may be able to get better car loan interest rate. Whether the interest rates are fixed or variable will also affect the amount of money you will be repaying. The model of a car may also influence the interest you pay on the finance. The latest model of a **motor vehicle** may be charged a higher rate of interest than one that is relatively older. If you have a bad credit score you may be offered **car finance** at higher **interest rates**, as the lenders think that they are taking a bigger risk by lending you the money. It may be a good idea to improve your credit rating before **applying for car loans** or deal with a good car loans broker.
