

## Home Delivered Rental Cars

You have heard about home delivered pizzas ... but what about home delivered rental cars? Keenies Auto Rentals is one of the few companies that offers home delivered rental cars for Brisbane people whose cars are being repaired, or for visitors to the area who need a car to get around but don't want to pick it up from Brisbane airport. "Some people don't want to pick up Brisbane airport car hire when they have just got off a long flight. They prefer to have a good night's sleep before getting behind the wheel and tackling Brisbane city traffic. We deliver their rental car to their hotel or place they are staying and then pick it up again from their place at the end of their stay. They are safer on the road and have a more pleasant stay," said Bill Keene from Keenies Auto Rentals. "We also see a lot of Brisbane mums who may have had a small accident needing a car to get around while their car is in being repaired. We can drop them a car to their house complete with child booster seats if needed. They find it much more convenient than trying to juggle kids and public transport until their car is repaired." "During school holidays the main trend in car rental is for people staying with relatives for a few weeks deciding they need a home delivered rental car to get around while their relatives are at work, rather than pick up Brisbane airport car hire when they arrive. Home delivery takes the hassle out of hiring a car and is more convenient for many people." "While most people still use us for [Brisbane airport car hire](#), we are finding an increasing number now using our home delivery rental service. If they can get pizza home delivered – why not rental cars?"

## About the Author

Keenies is a [Brisbane airport car hire](#) provider. If you would like more information or photos about this topic or to schedule Bill Keene for an interview, please contact Bill on 0419 663 326 or visit: <http://www.keenies.com.au>
